Dear BW Unlimited:

It has been such a pleasure working with you for the last several years. We have had many great experiences with your no risk auction items. This year we had a great surprise on a last minute addition.

If you recall I requested you overnight, two Autographed Payton Manning Jerseys, for our event the night before the Super Bowl. The items arrived and were stunning! The items were a huge success and we quintupled our investment! Thank you for the last minute addition, your understanding of the bidding culture is second to none.

Your selection of items is amazing and all of my guests who have gone on trips have been extremely happy with the trip and the value they received. I look forward to what we will have on display at the next event.

Thanks again for an amazing boost to our organization. Your support of the disabled law enforcement community is amazing.

Sincerely,
