Priceless

After a short period of experimentation with psychedelic rock in the mid-1960s, the group returned to its "bluesy" roots with *Beggars Banquet* (1968), which along with its follow-ups *Let It Bleed* (1969), *Sticky Fingers* (1971) and *Exile on Main St.* (1972), is generally considered to be the band's best work and is seen as their "Golden Age". It was during this period they were first introduced on stage as "The Greatest Rock and Roll Band in the World".

The Rolling Stones were inducted into the Rock and Roll Hall of Fame in 1989 and the UK Music Hall of Fame in 2004. *Rolling Stone* magazine ranked them fourth on the "100 Greatest Artists of All Time" list and their estimated record sales are above 250 million. They have released 30 studio albums, 23 live albums and numerous compilations. *Let It Bleed* (1969) marked the first of five consecutive No. 1 studio and live albums in the UK. *Sticky Fingers* (1971) was the first of eight consecutive No. 1 studio albums in the US. In 2008, the band ranked 10th on the Billboard Hot 100 All-Time Top Artists chart. In 2012, the band celebrated its 50th anniversary.
