BW Unlimited Charity Fundraising

Thank you so much for your expertise in charity fundraising and supplying several trips for our live auction process. The trips you offered were one of kind and were packages that are not available to the average person attending our fundraising event. The packages really “wowed” the attendees.

Thank you for your prompt, polite, and professional services when making arrangements for the winners of the trips.

I would highly recommend your services to any charity seeking fundraising ideas and products!

Yours in Community Service,

David Sisk
